CIRCULAR Degree College

K.C. takes great pride in informing our young students that we are on the threshold of entering a New Era- an era which will see the creation of the HSNC Mumbai University by conversion of H.R, K.C, and BTTC into a cluster. A brochure to this effect had already been given to each student.

An immediate outcome will be curriculum reforms and greater autonomy in the designing of syllabi to synchronize students to global standards and provide them opportunities in India and abroad. And you are fortunate to be a part of this revolution!!
